WHAT WE STAND FOR

MADDE IN PORTUGAL

CELEBRATING 20 YEARS OF LASKASAS

A Journey of Craftsmanship and Vision

This year marks a significant milestone for Laskasas as we celebrate two decades of exceptional craftsmanship and innovative design. Founded by Celso Lascasas, the brand's journey began in Ermesinde as a small buying and selling shop. Driven by his entrepreneurial spirit and vision for creating a global brand, Celso gradually transitioned from trade to production, mastering the art of furniture-making and laying the foundation for what Laskasas is today.

Over the years, Laskasas has established its name as a symbol of excellence in interior design. Today, we operate across three modern facilities spanning 35,000 square metres and have a dedicated team committed to upholding our standards of quality and craftsmanship. Each team member works tirelessly to create pieces that reflect the brand's dedication to innovation, functionality and aesthetic beauty.

From the very beginning, Celso envisioned furniture that would combine functionality with personal expression. This dedication to customisation continues to define our brand,

allowing customers to choose and tailor pieces that truly reflect their unique styles.

As we look back on our 20 years, we celebrate the landmarks that have made Laskasas a global brand with a presence in more than 50 countries. Our continued expansion into international markets, alongside our relentless attention to quality and design, has positioned Laskasas as a key player in the industry.

Driven by Celso's vision and Diana's leadership, we are excited about the future as we commit to creating extraordinary pieces that embody timeless design and reflect the vibrant spirit of Portugal. Together, we will continue to build a legacy of excellence in every creation.

Cheers to the next chapter of Laskasas – where craftsmanship meets innovation, and every piece tells a story of dedication and passion.

The Evolution of Laskasas: From Humble Beginnings to Timeless Design

Laskasas' journey over the past 20 years has been one of remarkable transformation. What started as a passion-driven brand with no formal design team has grown into an established interior design brand known for its impeccable craftsmanship and timeless aesthetic. This evolution did not happen overnight but was rather the result of an unrelenting commitment to quality, innovation, and a deep understanding of what makes a space truly special.

In the early years, Laskasas didn't have a dedicated product designer. Pieces were often based on inspiration from various sources, such as international trade fairs, where ideas were gathered and transformed into functional and beautiful furniture. These early designs, while successful and loved by customers, were more about blending and adapting existing concepts rather than creating something completely original.

One of the standout pieces from this era was the K010 sofa, a best-seller that embodied this early approach. Without a formal design background, our founder, Celso Lascasas, would play around by combining different elements from various products — taking the feet from one, the seat from another — and shaping them into a cohesive whole. The K010 sofa became a defining piece in the brand's history, staying in production for several years. Though it no longer represents the brand's current identity, it remains an important symbol of our creative beginnings.

As the brand matured, so did our design philosophy. The pivotal moment in this evolution came with the arrival of Pedro Neto, our Chief Product Designer. Pedro brought with him expertise and a clear vision for the future of Laskasas. His influence shifted the brand towards a more cohesive

and intentional design language: one that marries contemporary forms with timeless beauty.

Pedro's approach to design is rooted in the idea of balance. Whether it's the rich feel of marble or the soft and inviting texture of upholstery, his goal is always to let the materials shine. By respecting the inherent qualities of each material, Pedro and his team create pieces that feel both modern and enduring, allowing them to fit into a variety of interiors while retaining their own identity.

This philosophy is embodied in some of our most iconic pieces, which continue to define Laskasas' aesthetic. Discover them on the following page.

Dale Chair:

A symbol of minimalist elegance, the Dale Chair reflects Pedro's philosophy of combining sleek design with exceptional comfort. Its clean lines and sophisticated materials make it a standout in any space, representing the essence of contemporary design with a timeless appeal.

Ambrose Armchair:

The Ambrose Armchair is a perfect example of Laskasas' evolution. Its curved silhouette offers a sense of warmth and approachability, while the high-quality materials used in its construction elevate it to a level of sophistication that is distinctively Laskasas.

Wellington Sofa:

As one of the brand's most beloved designs, the Wellington Sofa exemplifies the fusion of form and function. Its elegant lines and plush comfort make it the ideal centerpiece for modern and classic interiors, embodying the brand's commitment to creating pieces as beautiful as they are functional.

LASKASAS' HOUSE COLLECTION JOURNEY TO PORTUGAL

HOUSE ON: A THROUGH

At Laskasas, we believe that every home tells a unique story, and through our annual Laskasas' House Collection, we invite you to embark on a journey across Portugal - one that celebrates the beauty, culture, and history of the country's diverse regions.

Each year, with the release of our new catalogue, we introduce a new house, thoughtfully designed to reflect the essence of its location.

It all started with the Douro House in 2024, where the elegance of our designs blended harmoniously with the scenic beauty of the Douro Valley. Now, for our 2025 edition, we present the Comporta House, a peaceful retreat inspired by the sandy dunes, coastal charm and understated sophistication of Comporta.

Each house is more than just a showcase for our furniture; it's about exploring a place, its culture and its design. By drawing inspiration from each region's natural materials, colours and textures, we create homes inspired by the local area, where heritage and modern living converge. Through them, we aim to bring the heart of Portugal into

every design, offering our customers a fresh perspective on both our country's cultural richness and our brand's evolving story.

Join us as we explore Portugal, one house at a time—each year, a new chapter, a new destination, and a new way of living with Laskasas.

Luís Vaz de Camões – The Voice of a Nation

A cornerstone of Portuguese literature, Luís Vaz de Camões is best known for "Os Lusíadas", his epic tribute to Portugal's explorations and Vasco da Gama's courageous voyage to India. Born in Lisbon around 1524, Camões lived in a period when Portugal was expanding its global reach, a movement that inspired much of his work. Although his life was marked by turbulence – imprisonment, exile and the loss of an eye – these trials only deepened his passion for storytelling.

In "Os Lusíadas", Camões weaves together the adventures of Portugal's explorers with mythology, historical references and legends, creating a vivid narrative that celebrates the spirit of his homeland. This masterpiece captures the essence of Portugal's Golden Age, from its daring voyages to its enduring values of resilience and pride. Camões' voice remains a defining part of Portugal's heritage, and his poetry is an enduring tribute to the nation's language and soul.
