THE COMPANY

“TRUE FURNITURE ICONS DON'T CREATE THEMSELVES. LASKASAS' CLASSICS ARE BORN FROM OUR CLIENTS' DISTINCTIVE CHOICES”.

Laskasas was born and raised in Porto, a city known as “Invicta” among its residents, a Latin word meaning undefeated or unconquered. That's what the portuguese brand carries in its roots and identity. Founded in 2003, Laskasas is renowned for creating handmade furniture, upholstery and metalwork pieces, for residential and commercial projects.

Each collection launched strives to honour and bring into the spotlight the Portuguese heritage of craftsmanship. Every piece presents new perspectives of traditional design, defying laws of silhouettes, materials and textures combinations.

Available worldwide, each product is carefully handmade in our warehouse, by the wisest portuguese artisans.

Offering over 100 customization options, Laskasas Trade Program was developed for designers. Our priority is to make the purchasing process easier by providing competitive pricing and a dedicated team available to help you.

We've partnered with top showrooms and distributors in an effort to be closer to you in different locations around the globe. In addition, we are constantly working to give you one-of-a-kind products for your projects. Laskasas Trade Program isn't just for interior designers! It is open to architects, home-developers, set-designers, home-stagers, and professionals in the hospitality and food beverage industries.

WHAT DO WE STAND FOR?

At Laskasas, our focus is on bringing a signature creative edge and high-end design to everything we do. We aim to ditch the status quo and present unique combinations of silhouettes and materials. From showstopping residences to inspiring commercial spaces, we're here to help make your life easier. That is what we stand for.

“True furniture icons don't create themselves. Laskasas classics are born from our clients' distinctive choices”

– Celso Lascasas, founder & CEO.

CRAFTING HIGH-END FURNITURE

“EVERYTHING IS CAREFULLY HANDMADE
IN OUR WAREHOUSE, IN PORTO DISTRICT.”

Featuring cutting-edge designs, exquisite materials and worldwide renowned handcrafting, Laskasas collections gather the most unique pieces for demanding high-end projects.

One of the most remarkable traits of our collections lies in the materials used. Their quality immediately sets them apart from the rest. Portuguese woods are treated to form exquisite table tops, spectacular chairs and sophisticated consoles, drawers and sideboards. In the most glamorous pieces, our craftsmen utilize exclusive marbles to embellish their creations. Fine fabrics are not only used by them in chairs, sofas and beds,

but also to upholster sideboards and nightstands, making them both a unique sight to behold and also a feast to the touch.

Everything is carefully handmade in our warehouse, in Porto district. Classic or modern. Mid-century or minimalist. Chic or cosmopolitan.

You name it. You can rest assured knowing that you can meet any client's needs through our wide selection of items and styles.

CUSTOMISE YOUR LASKASAS PIECE

“EVERYTHING IS CAREFULLY
HANDMADE IN OUR WAREHOUSE.”

Based in Porto, Portugal, we design and build all our furniture ourselves. All of our designs are available in custom materials, finishes and sizes to meet your needs.

Each product is handcrafted to fit your vision. Customization is at the heart of Laskasas, allowing you to select the exact look that suits your residential and commercial projects. We have a dedicated team available to help you through the entire customization process. From upholsteries to woods and dimensions, you can rest assured knowing that you can meet any client's needs through our wide selection of items and styles. Our designs. Your pieces. Exclusively yours.
